* Il Crux è caratterizzato da forte stonalizzazione, si consiglia di scegliere da più scatole contemporaneamente e di posare una porzione di materiale a secco per garantire la variabilità e casualità della superficie finita. • Crux has a strong graphic variation, we recommend to choose few pieces at the same time from different boxes and to lay them dry first in order to grant the correct variability and randomness as an end result. • Le Crux est un produit fort nuancé. Nous conseillons, au moment de la pose, de sortir les carreaux de plusieurs boîtes en même temps et de poser une portion de sol avant encollage pour garantir la variabilité et causalité de la surface posée. • Das Crux zeichnet sich durch ein starkes Farbspiel aus, es ist empfehlenswert, aus mehreren Kartons gleichzeitig zu wählen und einen Teil des Materials ohne Klebstoff zu verlegen, um die Variabilität und Zufälligkeit der fertigen Oberfläche zu gewährleisten. • El Crux es un producto muy destinalizado, nosotros recomendamos de elegir algunas piezas de diferentes cajas al mismo tiempo y de colocarle ante de pegar para asegurar la variabilidad y casualidad del resultado final. • Crux продукт с сильными цветовыми изменениями. Для оптимальной укладки необходимо смешивать плитки из разных коробок и сделать пробную укладку на сухую, чтобы гарантировать большую вариабильность поверхности. • 克拉克灰色具有很强的石材效果，为了突出铺贴后的多面性及随机性，建议同时从多个包装箱中取出材料并事先干铺一部分。
